PROFESSIONAL SUMMARY

Junior Full-Stack Developer with a passion for web development and strong skills in PHP. I have honed my abilities through academic projects and an initial internship experience. I work effectively in team settings and am proficient in applying Agile methodologies. I am currently seeking an internship with a potential for a full-time position or a practical training opportunity to contribute to ambitious projects, gain hands-on experience, and further develop my professional skills.

EDUCATION

- 2023 - 2025
ISTA NTIC SYBA
 - Diploma in Digital Development – Web Full Stack Option
- 2020 - 2021
